Made Sore Eruptions. Got Larger And Angrier. Baby Cried And Could Not Sleep.  
**HEALED BY CUTICURA SOAP AND OINTMENT**

"Little pimples appeared on my baby's head and they itched awfully and he would scratch them until they would bleed and finally they made sore eruptions as large as a silver dollar. The more I did for them, the larger and angrier they got. My baby cried and could not sleep.  
"I saw a Cuticura Soap and Ointment advertisement and I purchased some.  
"I used this Cuticura Soap for bathing him and then rubbed on the Ointment and a few applications healed him. They seemed to help his hair too, and now it is in perfect condition."

## TWO MEMBERS OF CREW REACH NEW YORK IN IRONS

Mexican and Spaniard Refused to Work on Steamship Nordanger. Captured After Fight.

NEW YORK, June 30.—The Norwegian steamship Nordanger, two members of the crew in irons, reached here early today from Marseille. The two men, a Mexican and a Spaniard, armed with knives and firearms, refused to work after the vessel left Marseille, and until two days ago, when they were finally seized, fought with the crew and succeeded in destroying a large quantity of the ship's stores. The captain, ill from lack of sleep, was unable to restrain the mutineers, whose hiding place on the steamship was guarded by constables. Many of the crew reached New York with cuts and bruises.

Once, when captured and locked in the carpenter's shop aboard the vessel, the mutineers set fire to a pile of shavings and escaped while the crew fought the blaze.

The mutineers were turned over to the police when the vessel reached quarantine. The crew was composed of Spaniards, Mexicans, Levantines and Norwegians.

**WOULD HAVE PRESIDENT RELEASE SWEETHEART**

Miss Edith Candler Tries to See Executive on Behalf of Guardsman—Wedding Unverified.

In an effort to have her sweetheart released from the National Guard of the District of Columbia Miss Edith Candler, sixteen years old, residing at 722 F street northeast, called at the White House late yesterday afternoon to see President Wilson. The President was away, and she left, declaring her intention to return today.

Miss Candler wanted the President to release Earl Wheeler, nineteen years old, and son of Policeman William Wheeler of 802 9th street northeast.

Miss Candler is an orphan, it is stated, and in telling of her quest at the White House declared that Wheeler is "All I have." She could not be located today.

Policeman Wheeler said today he desires to have his son released from the guard, as Mrs. Wheeler, the mother of the young man, could not be located.

Miss Candler was married at Alexandria, Va., last night, could not be verified today. Policeman Wheeler said he knew nothing of his son having been married, and further that when he saw him late yesterday afternoon no intimation was given of the couple's intention to get married.

**ORDERS AN INVESTIGATION.**  
Inquiry by I. C. C. Into Alaskan Railroad and Steamship Situation.

The Interstate Commerce commission today ordered an investigation into the Alaskan railroad and steamship situation as a result of charges that the American Smelting and Refining Company and the Kennecott Copper Company have been able to monopolize and control the copper industry in the territory through railroad and steamship favoritism.

Complaints against the carriers were signed by J. D. Wickham, president of the Sampson and Sons Company, which said it was unable to continue in business because of advantages given its competitors.

The inquiry is directed at all carriers except the government railroad and is designed to determine whether the roads have been guilty of illegal practices. The commission will establish joint rail and water rates to Alaska and in the territory on the facts developed.

**DENIES U. S. BOUGHT STEAMERS**  
Statement Made by Grand Trunk Railway President.

NEW LONDON, Conn., June 30.—Denial of the sale by the Grand Trunk railway of the steamers Narragansett and Manhattan to the United States government was made today by President E. C. Smith of the company. It was reported that the steamers had been purchased for use as transports at a price of \$1,000,000 each. Mr. Smith said the vessels had not been sold to the government or to any one else.

It is understood that the War Department has made some general inquiries as to the availability of the vessels for transport service.

The War Department, it was learned today, is making inquiries among steamship lines regarding vessels which would be available for transports in case of necessity. None has been bought, it was officially announced, and no offers formally made. The department specifically denied that two Grand Trunk railway steamers had been purchased. Officials stated they anticipated no difficulty in securing enough vessels if the need arises.

**DIXIE MAY COME HERE.**  
Inspection of Power Boats and Other Vessels Likely Will Be Made.

The Department of Commerce navigation inspection launch Dixie is cruising on Chesapeake bay, and before she leaves for her summer visit to New England waters it is probable she will come up to this city. Power boat owners and vessel masters should see to it that their boats are equipped according to law, and that they show proper lights after sundown, which does not mean after dark. On her visit here the Dixie will overhaul vessels of all kinds to look over their equipment.

Collector of Customs Ryan has recently imposed fines upon owners of power craft at Salisbury, Md., for failure to observe the regulations. One owner had a fine of \$450 assessed against him for operating a motor boat without lifesaving equipment aboard, and another owner was fined \$100 for not having sufficient life preservers aboard. The inspecting vessel found that this last boat had eighty-four persons aboard and only twenty life preservers, when the law is specific in requiring a life preserver for every person carried.

**Walker's Body Not Recovered.**  
The body of Clarence H. Walker, employed at the bureau of standards, who was drowned near Chain Bridge Wednesday night when his canoe overturned, has not been recovered. It is thought by persons engaged in the search for the body that it will not be recovered with grappling hooks because of the rocky condition of the bottom of the river where the drowning occurred. Walker, it is stated, was an expert swimmer and canoeist.

**Building Permits.**  
Building permits were issued today to the following:

Lacy & Bell, to build three dwellings from 627 to 631 14th street southeast; architect and contractor, Lacy & Bell; estimated cost, \$5,400.

William Phillips, to build six dwellings from 1112 to 1122 Warder street northwest; architect, E. House; builder, William S. Phillips; estimated cost, \$15,300.

F. X. Higdon, to build six dwellings from 2616 to 2626 B street northeast; architect and contractor, F. X. Higdon; estimated cost, \$12,000.

Phillip Bruce, to repair dwelling at 2427 Alving place; estimated cost, \$400.

A. G. Herrmann, to repair dwelling at 743 16th street southeast; estimated cost, \$200.

## DECLINES TO UPSET PLAN OF STEEL CONSOLIDATION

Judge McPherson Decides Against Appeal Alleging Violation of the Sherman Law.

PHILADELPHIA, June 30.—Judge McPherson, in the United States court of appeals, today refused to interfere with the plan of the Bethlehem Steel Company to purchase the assets of the Pennsylvania Steel Company of New Jersey, a holding corporation, and its subsidiaries, mainly the Pennsylvania Steel Company plant at Harrisburg and Lehigh, and the Maryland Steel Company plant at Sparrows Point, Md.

The decision was given in the appeal of Clarence H. Verner of New York, a stockholder, who charges that the proposed consolidation violates the federal anti-trust law and the New Jersey laws known as the seven sisters payment of \$2,441,620.

In rendering an oral opinion Judge McPherson said the only evidence before him was an ex parte statement and that further evidence would be necessary before a final decision could be rendered.

**"TENDERFOOT" HIKE SUNDAY.**  
Each Wanderluster Is Expected to Show Up With a Recruit.

Each wanderluster going on the outing which is planned for Sunday afternoon is expected to bring a recruit. The hike is to be a "tenderfoot" hike, and the distance of the walk is not to exceed five miles.

John Bayle, Jr., one of the originators of the movement, is to be the leader. The start is to be made from 15th and H streets northeast at 2:30 p.m.

Tuesday, July 4, an all-day outing is planned, going to Laurel, and from Gambia is to be the leader. The morning party is to leave about 10 o'clock. Accommodations are to be made to accommodate an afternoon group if possible.

**COLORED GROCER VICTIM OF DEANWOOD SHOOTING.**  
Clinton Carroll, Fifteen, Held for the Death of James G. Montgomery.

James G. Montgomery, colored, who conducted a grocery store at 55th and Dix streets, Deanwood, this morning about 9:30 o'clock was shot through the left lung and killed. Clinton Carroll, colored, fifteen years old, residing at 1514 and Dix streets, admitted to Detective Charles A. Evans that he killed the grocer.

"I didn't know it was loaded," the boy explained, telling the detective that he and Montgomery each had a pistol and that they were pointing the weapons at each other.

When the police went to the scene of the shooting they were given to understand that Montgomery had committed suicide. It was said that the Carroll boy had entered the store to purchase an ice cream cone, and, seeing nothing of the grocer, he entered the room in the rear of the store and saw the dead body on the floor, a pistol resting near his right hand. Dr. Willis W. Jones was called to the house by the boy.

Carroll learned from Mrs. Edna Johnson, a neighbor, that she heard the report of the pistol shot, looked from a side window and saw the boy hurrying away. He was in the store a few minutes before the shooting occurred. She declared it was necessary for him to unfasten the door to get out.

**Changed His Story of Shooting.**  
The boy said he knew nothing of the shooting until after he had been locked up at the police station, and he was on his way back to the scene of the shooting in the police automobile when he changed his story and claimed the shooting was accidental.

A second pistol was found behind a trunk in the room, and Carroll said he threw it there after Montgomery dropped it. Montgomery was seated at a table writing a note to his landlord, intending to inclose a check, when the shot was fired.

Carroll said he unloaded the smaller of the weapons before the gunplay was started, and the cartridges were found on the bed in the room. He said he was under the impression that he had unloaded the larger of the two weapons, the one he handled, and when he heard the report he was so badly frightened that he hardly knew what to do.

**Talked About Hold-Ups.**  
Just before the shot was fired, Carroll stated, the conversation was about people being held up.

"And I told him how I would act if a man held me up," he said, going through the motion of handling the weapon.

Rev. John M. Beane, colored, pastor of the Methodist church at Laytonsville, Md., was in the store a few minutes before the shooting. The grocer, he said, was in the best of spirits at the time and he was certain that he had not taken his own life. Montgomery, the police were told, formerly conducted a tailoring establishment in Southeast Washington.

Corner Nevitt visited the scene of the shooting and examined the body. He had the body taken to the morgue, where an inquest probably will be held tomorrow.

## RULING ON CIVIL PAY TO CLERKS IN GUARD

Controller Decides Question Which Affects Federal Employees in Militia Service.

Government employees enlisted in the National Guard are entitled to full pay from their civil position for the first thirty days of their service, except that the combined salaries of officers will be subject to the \$2,000 limitation provided by law.

This decision was announced today by Controller W. W. Warwick of the Treasury. When the United States Army passes the border that act carries automatically with it an increase of pay for foreign service. The enlisted men receive 20 per cent additional and the officers 10 per cent.

**Special Point Involved.**  
The special point involved affects the status of men in the military service attached to the punitive expedition, but stationed at Columbus, N. M. The decision rules that their duties lie in Mexico, and that therefore whenever they are on Mexican soil they are entitled to the additional emolument.

Confirming the statement made in The Star several days ago, Controller Warwick decided today that enlisted men of the militia who also are civil employees of the government or of the District of Columbia may receive pay for their unexpired annual leave even after they may have been mustered into the military service of the United States as long as their two compensations as civil employees and as soldiers do not exceed the limit of \$2,000 a year fixed by Congress as the maximum pay to be paid on two more salaries to one individual out of federal appropriations.

**Controller's Conclusions.**  
Controller Warwick analyzes the law and arrives at conclusions as follows: "The section quoted by you relates to the absence of officers and employees of the United States and of the District of Columbia who shall be members of the National Guard," only when they are engaged in field or coast defense training ordered or authorized under the provision of the act of June 3, 1916.

"Said section has no application to officers and employees of the Treasury Department absent by reason of being members of units of the organized militia or National Guard called into the service of the United States under the provisions of section 4 of the militia act of June 18, 1916, issued by direct act of the President pursuant to the provisions of section 4 of the militia act of January 21, 1903, as amended by the act of May 27, 1908, or under the power inherent in the President under the Constitution. This call was not an order or authorization to engage in field or coast defense training, but a call to actual service.

**Reference to Military Leave.**  
"While the employees referred to are not entitled to military leave under the provisions of section 80 of the act of June 3, 1916, or the act of March 1, 1893, as amended by the act of July 1, 1902, I see no reason why they should not be paid their regular salaries as Treasury Department officers or employees for such period prior to their actual muster into the service as would be covered by annual leave granted to them in accordance with law.

"And even after actual muster into the service of the United States enlisted men may continue to receive pay as men may continue to receive pay as officers or employees of the department until the expiration of the leave granted, provided the combined pay of the military and civil positions does not exceed \$2,000 per annum.

"If it does exceed \$2,000 payment of any compensation as a civilian officer

**FATHER LEFT NO WILL.**  
Sons of Frank P. Madigan Ask for Letters of Administration.

Frank P. Madigan left no will. His sons, Frank W. Madigan and William A. Madigan, today applied to the District Supreme Court for letters of administration on his estate. With another son, Leo E. Madigan, twenty years old, they are his sole heirs and next of kin.

Madigan owned premises 1206 Virginia avenue southwest, valued at \$6,000. His personal estate included \$9,900 in bank notes secured on real estate of the face value of \$5,000, and household effects estimated at \$2,000. This schedule does not include the contents of a safe deposit box, unknown to petitioners. Attorney A. H. Bell represents the sons.

**FINAL CONFERENCE HELD.**  
Civic Bodies Plan Presentation of Lincoln Highway Feeder.

A final conference with officials of the civic bodies along the route of the Lincoln highway feeder between this city and Philadelphia was held yesterday by Robert N. Harper, chairman of the Lincoln highway feeder committee, to consider the presentation of the movie exhibit in contemplation. Mr. Harper made the trip to Philadelphia in company with Secretary Columbus in the automobile of Lewis Holmes, another member of the committee.

As the highway boosters were making their way back to Washington the committee camera man made pictures of the more interesting "highlight" scenes.

Prominent business men with whom the committee came in contact expressed themselves as highly enthused over the idea of the moving picture, and insisted that they should have the first view after the pictures are shown at Poli's Theater here July 10, 11 and 12.

The trip to Philadelphia was made in good time—five hours—and every minute of daylight was used in taking the pictures en route. The start was made at 5 o'clock in the morning, and Mr. Holmes' machine covered 325 miles during the day.

**PRESIDENT IS COMMENDED.**  
Preparedness Conference Also Issues an Appeal to Voters.

The "conference on real preparedness" at the session last yesterday afternoon adopted resolutions commending President Wilson for what he has done to prevent war with Mexico, and requesting that he withdraw the American troops from Mexico.

A further resolution was adopted to urge the voters of this country to repudiate those candidates for the presidency who think of preparedness only in terms of armies and armaments.

Addresses were made at the closing session last night by Lincoln Steffens of New York, Owen R. Lovejoy, secretary of the national civil labor committee, and James Jenkins, Jr., secretary of the Brooklyn committee to prevent tuberculosis.
